

FY 2010 FREIGHT RAIL SECURITY GRANT PROGRAM (FRSGP)

Vulnerability Assessment and Security Plan Certification Statement for 49 CFR Part 172

Each railroad carrier must complete a vulnerability assessment of all railroad carrier critical assets and infrastructure, and the carrier's transportation and storage of security-sensitive materials (SSM) in rail cars, excluding residue.

Railroad carriers that have already completed a vulnerability assessment and developed and implemented a security plan in accordance with 49 CFR Part 172 can use the statement below as their certification and submit it as part of their grant application. All railroad carriers that use this certification form must be able to provide both the vulnerability assessment and security plan upon request.

I, [insert name], as [insert title] of [insert name of freight railroad carrier], certify that a vulnerability assessment has been completed and a security plan has been developed and implemented. This vulnerability assessment and security plan is in compliance with 49 CFR Part 172.
